The top of the "T" is approximately 57' x 75' with both ends 3.5' depth to 5'. Then it tappers down the slope to the 10.5' dive well. The pool has tile lane lines and water line tile.

The pool holds approximately 170,000 gallons, has 5 TR140 filter with single pump capable of a flow rate of 700gpm. The pool appears to be holding water and assumed to be operating properly without leaks except for one leak on one TR 140 filter flange. The metal butterfly valves in the pump room are rusted and need to be replaced.

The diving standard is in good condition. The diving board is smooth and needs to be refinished.

The Splash Pad and spray features appear to be in good condition.

#### **2.02 Murphy Candler Pool Narrative**

This facility has a pool with a diving well, spray feature and wading pool. The main pool is "L-shaped" with the bottom of the "L" being approximately 11.5' deep diving well. There is a collection drain for the spray features in the middle of the long zero depth leg of the pool. This collection drain cover and sump box needs to be checked for VGB compliance. The pool shell is plaster/marcite and painted with some minor marcite damage. The paint is worn and peeling. The pool has tile lane lines and water line tile that is in good condition.

The main pool holds approximately 215,000 gallons, has a dual stacked horizontal Neptune-Benson filter with two 15hp pumps that should be capable of a flow rate of 700gpm or greater. There is Pulsar Calcium Hypochlorite feeder. The pool was leaking and new expansion joints have been installed. The pool is assumed to be operating properly.

The diving standard is in good condition. The diving board is a Duraform Maxiflex B and in good condition.

The wading pool has a zero entry and holds approximately 1,000gallons. The filter and sanitary equipment is located in the main pool filter room. There is a pulsar calcium hypochlorite system and acid feed system installed. There is not a working control system on the pool to control the feed of both the PH and sanitizer and needs one.

**22. INELIGIBLE BIDDERS:**

The City may choose not to accept the bid of a bidder who is in default on the payment of taxes, licenses or other monies due to the City. Failure to respond to three (3) consecutive times for any given commodity/service may result in removal from the supplier list under that commodity/service.

**23. BUSINESS LICENSE:**

Each successful bidder shall provide evidence of a valid City of Brookhaven business license if the bidder maintains an office within the City of Brookhaven. Unincorporated, out of City, and out of State bidders are required to provide evidence of a certificate to do business in any town, County or municipality in the State of Georgia, or as otherwise required by City ordinance or resolution.

**24. ALTERATIONS OF SOLICITATION AND ASSOCIATED DOCUMENTS:**

Alterations of City documents are strictly prohibited and will result in automatic disqualification of the firm's solicitation response. If there are "exceptions" or comments to any of the solicitation requirements or other language, then the firm may make notes to those areas, but may not materially alter any document language.

**25. TAX LIABILITY:**

Local and state governmental entities must notify contractors of their use tax liability on City projects. Under Georgia law, private contractors are responsible for paying a use tax equal to the sales tax rate on material and equipment purchased under a governmental exemption that is incorporated into a government construction project: excluding material and equipment provided for the installation, repair, or expansion of a public water, gas or sewer system when the property is installed for general distribution purposes. To the extent the tangible personal property maintains its character (for example the installation of a kitchen stove), it remains tax-exempt. However, if the installation incorporates the tangible personal property into realty, e.g., the installation of sheetrock, it becomes taxable to the private contractor.

See O.C.G.A. 48-8-3(2) and O.C.G.A. 48-8-63

**26. GENERAL CONTRACTORS LICENSE:**

All General Contractors must have a current valid license from the State Licensing Board for Residential and General Contractors, unless specifically exempted from holding such license pursuant to Georgia law (O.C.G.A. Section 43-41-17).

**27. INDEMNIFICATION:**

To the fullest extent permitted by law, the Contractor shall, at his sole cost and expense, indemnify, defend, satisfy all judgments, and hold harmless the City, the engineer, and their agents and employees from and against all claims, damages, actions, judgments, costs, penalties, liabilities, losses and expenses, including, but not limited to, attorney's fees arising out of or resulting from the performance of the work, provided that any such claim, damage, action, judgment, cost, penalty, liability, loss or expense (1) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the work itself) including the loss of use resulting therefrom, and (2) is caused in whole or in part by any act or omission of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless whether such claim is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge or otherwise reduce any of the rights or obligations of indemnity which would otherwise exist as to any party or person described in this agreement. In any and all claims against the City, the engineer, or any of their agents or employees by any employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation contained herein shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or any subcontractor under Worker's Compensation Acts, disability benefit acts, or other employee benefit acts.

**28. ENVIRONMENTAL SUSTAINABILITY**

The City of Brookhaven is committed to environmental sustainability. The City believes we have a unique opportunity to further expand our leadership in the area of environmentally preferable purchasing, and through our actions, elicit changes in the marketplace. By further incorporating environmental considerations into public purchasing, the City of Brookhaven will positively impact human health and the environment, remove unnecessary hazards from its operations, reduce costs and liabilities, and improve the environmental quality of the region. As such the City encourages the incorporation of environmental sustainability into proposals.

**29. LIQUIDATED DAMAGES**
